This Half Term's Learning – Nursery (Spring One)

Dear Families

During this half term (Spring One), your child will be settling into Nursery. Adults will observe to find out about children's interests and plan activities accordingly.

Your child will be learning...	
Personal and Social Development	The children will be settling into Nursery routines and developing independence by selecting activities and resources. They will begin to play alongside or with others and may form special friendships.
Communication and Language	We will develop communication and language skills through activities that interest each individual and that are relevant to their current language levels. We will also develop listening and attention skills through singing and storytelling.
Physical Development	We will develop the children's self-care skills e.g. hand washing and putting on coats and fastening them. We will use the Outdoor Area to develop physical skills such as balancing, running and jumping. We will use different resources such as tongs, threading, chalks and pencils to develop fine motor skills.
Topic/Art	We will find out about ourselves and our families. We will be looking at how we are the same and how we are different. We will explore different creative materials.

If you have any questions, please come and see me.

Yours sincerely,

Mrs. Younis
Nursery Teacher
